All Persons are desir'd to take Notice, that he has serv'd as a Foreman to several Eminent Master Taylors in Town, and that he assures all Persons, that their Cloaths shall be made as neat and genteel in every Respect, with the Trimmings and Materials mention'd to be equal in Goodness, as any Taylor, that charges near double the Prices that are above. He therefore leaves every Person that is minded, to find Outside and Lining themselves. But if Gentlemen chuse to leave it to him, he will shew them Patterns of all sorts, and they may depend on his Care, to give as good Satisfaction, as if they bought it themselves; so by these Proposals any Person may know what a Suit of Cloaths, single Coat, Frock, Waistcoat and Breeches will stand them in, whether they give him Leave to find Outside and Lining, or not.
